

CertainTeed
WeatherBoards[™]
FiberCement Siding

CertainTeed WeatherBoards FiberCement Trim

Ideal for all fiber cement trim applications. A full line of trim boards, with all the advantages that WeatherBoards FiberCement products offer over wood, hardboard and other trim:

- Consistent quality and dimensional stability
- Class 1(A) Fire Rating
- Impervious to wood-boring insects
- Resists damaging effects of salt spray and UV rays
- Will not rot
- High job site durability
- 50-year limited transferable warranty

CertainTeed WeatherBoards Trim looks better:

- Deeper, more authentic, more consistent cedar grain definition
- Complements virtually all fiber cement sidings and styles
- Now you can match the trim with the siding
- Choose from a full variety of sizes

CertainTeed WeatherBoards Trim performs better:

- Higher interlaminar bond strength for superior freeze/thaw protection
- FiberTect[®] Sealant/Primer protects against damaging moisture
- Excellent durability on the job and exceptional impact resistance
- Environmentally friendly design using a recycled material

Product contains more than 30% post industrial recycled material

CertainTeed WeatherBoards™ FiberCement Trim

Wherever trim is required for a “finished” look on top of functional trim, at corners, window and door casings, fascia or other decorative elements, WeatherBoards Trim is easy to work with and install. It is ideal for covering wood, pressure-treated wood, composites and other materials.

WeatherBoards Trim widths range from 3-1/2" to 11-1/4"; all trim is 7/16" thick. See below for sizes, product codes and packaging specs.

Sizes	Product Codes and Packaging
3-1/2" x 12'	10246/000 390 pcs/unit; 4494 lbs/unit
5-1/2" x 12'	10247/000 248 pcs/unit; 4490 lbs/unit
7-1/4" x 12'	10248/000 186 pcs/unit; 4441 lbs/unit
